Date/Location _____/ Barcroft Park____

Team Name _____

Safety Monitor Name _____

Roster of coaches/players participating in this session:

Coach/Player Name	✓ Questions

NOTE TO MONITOR: When completing this form, do not record answers to the following questions, only record that the questions have been asked of the parent/guardian or player age 18 and older, and that the reminders have been given by placing a checkmark next to a player's name. If a player has a fever or listed conditions not attributable to another health condition, that player should not practice or play with the team.

1. Parent/guardian, does your player have a fever (100.4+ degrees)?
   For minors, a guardian should take the player's temperature before coming to the field, or at the field and answer this question.

2. Parent/guardian, does your player have any of these symptoms that cannot be attributed to another health condition? Cough, shortness of breath, chills, sore throat or muscle aches?

3. Parent/guardian, did you make a visual check of your player, looking for signs of illness, such as flushed cheeks, rapid or difficulty breathing (before any physical activity), fatigue, or extreme irritability.

4. Safety Monitor, please deliver the following reminders to players and parents:
   Follow 10ft. social distancing guidelines in dugouts and in stands.
   Wear mask in common areas.
   No gum, seeds, candy.
   No high-fives, handshakes, dog piles, group hugs, team huddles.
   Use hand sanitizer between innings.
   Do not share water or equipment.
